Rare organic whole-leaf ancient green:

Our favorite green tea. Picked from 1000 year old tea trees, this green tea's flavor and aroma are well balanced and refreshing with notes of melon, flowers and toasted pine nut. The finish is sweet, smooth and slightly more pungent than ^{green} teas from Eastern China due to the rare tea tree varieties used to make this tea.

Rare high mountain whole-leaf green:

Also known as the Green Pearl for its pleasing shape and color, our whole-leaf green tea is rolled into evenly sized little balls which "blossom" under hot water to produce a full, rich and smooth cup of refreshing green tea.

Rare whole-leaf jasmine green:

The production of our Jasmine teas begins with the finest tea leaves that are scented with fresh jasmine blossoms in the classic manner. This traditional method of hand-making jasmine tea assures the connoisseur of a rich aromatic flavor that is perfectly balanced to the taste of the leaf.

Rare high mountain whole-leaf oolong:

A superior lightly oxidized green oolong tea from Taiwan - whose famous high mountain gardens provide the perfect environment in which to cultivate its large, distinctively fragrant leaves.
